COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCECommissioner of Patents and Trademarks
Washington, DC 20231

Dear Sir:

The record as a whole makes the reasons for allowance clear, particularly in light of the fact that this application has gone through several Office Actions. Thus, a statement on reasons for allowance is unnecessary, 37 C.F.R. §104. The "Statement of Reasons for Allowance" thus might misleadingly summarize the record as a whole. For example, only parts of a single claim (Claim 1) have been mentioned in the Statement and an allegation made that those parts exist in all claims, which they do not. Specifically, "specified methods but not an SQL query" appears verbatim in no other claim apart from Claim 1. Claims 17 and 28, for instance, state that the client request includes values but is not a fully qualified SQL statement, while Claim 27 does not include either characterization. Accordingly, the limitations mentioned in the Statement must not be imputed to any claim that does not recite the limitations.

Respectfully submitted,

John L. Rogitz
